Parent Meeting Monday

October 15th, 2018

Superintendent/Principal Message

Dear Parents and Families,

Thank you to all the parents who came to our parent meeting this morning! If you missed it and would like a summary, please pick up an agenda in the office or give me a call. I am looking for parent input regarding a few specific issues; please fill out the attached survey and return to the school as soon as possible. Thank you!

Our 8th graders had a great experience at the Health Careers Fair Day on Tuesday of last week. Students were able to participate in experiential workshops to learn about health careers and meet northern California health professionals. It was a great day!

Delphic Elementary has scheduled a lighting project with All Trade to replace current lights with new LED bulbs throughout the main part of the building on October 31st-November 2nd. School will still be in session, but there will be no SAFE program on November 2nd. This project is funded through Proposition 39 and must be completed by the end of this year. During these days, you may see workers at the school. Please call me if you have any questions.

For the kids!
Jami Thomas

Classroom Updates

K-2 Grade

- The kindergartners worked on the letter "Ff" and the number "6". They brought home a new story called "I See". Please help your child practice. The students have been learning about Christopher Columbus. A few first graders and the second graders practiced a play and performed it on Friday. The rest of the first graders caught up on some stories. There were no spelling words this week. All students went and checked out a book from the library.

3-5 Grade

- This week in ELA the 3rd-5th graders have been working with details of the story to discover the theme. They have also been working on metaphors and similes. We have Mrs. Martinez bringing in her record player to show the students to show how far music has evolved into our present day!

6-8 Grade

- The upper-grade class has spent a lot of time this week focusing on character education. We have focused on empathy, listening, and ideas on how to get along with others. The 8th grade class is writing a children's book. Planning is underway for the class trips.

SAFE Notes

(Safe Afterschool For Everyone)

Piano Lessons will be this Tuesday. If your student(s) takes piano lessons in SAFE, make sure to pick them up after they have had their lesson.
THERE WILL BE NO SAFE ON NOVEMBER 2nd, please plan accordingly. Thank you!
