At Delphic School Students and Staff are Safe, Respectful, and Responsible

No School on March 30, Happy Spring Break!

March 29, 2018

Superintendent/Principal Message

Dear Parents and Families,

Thank you to all the parents committed to helping with our Drive-Through Dinner. As of Thursday morning, we estimated that we have raised over \$3000 for our class trip! Our 6th-8th graders have some great field trips coming up in May!

As most of you know, in effort to keep our school safe, we keep our exterior front door locked. We thank you for your patience, as at times, this slows drop offs and pick ups. However, we believe it is an important element to our number one priority of keeping kids safe. In addition, we also check ID's of adults picking up students when it is not someone we know. Again, we appreciate your patience and want to serve families as best as we can.

We would like to wish everyone a safe and fun spring break. We will be working on maintenance projects at the school, and look forward to seeing everyone on April 9th. Enjoy the sunshine!

For the kids!

Jami Thomas

CLASSROOM UPDATES

K-2 GRADE

- Students are learning about life cycles. They had fun learning about similes and making their own. On Thursday, they had an Easter egg hunt!

3-5 GRADE

- This week students were able to practice online state testing. Taking a few practice tests helps the students feel comfortable with the format and how to navigate through the state test. There are many components to these tests. The students were also able to work on their powerpoints for their insect reports. I introduced them to google drawings. Third Quarter grades are out and if you have any questions please come by and visit or call.

6-8 GRADE

- The COS Career Day was a great experience for the upper grade students. A variety of health and service professionals provided information. Students toured training labs and had hands on experiences with equipment. Tonight is our Annual Drive-Through Dinner. A giant thank you to the parents, staff and students who worked hard to make it a success. A special thanks to Steve Poling for marinating and cooking the meat with our crew of dads, as well as to Montgomery Meats for their sponsorship of food and supplies.

SAFE Notes

(Safe Afterschool For Everyone)

SAFE will be spending more time outside as the weather improves. Enrichments will continue through April. Watch for a new club to come!
