Back to School Night Success

September 28, 2018

Superintendent/Principal Message

Dear Parents and Families,

Thank you so much to the families and students who joined us for Back to School Night! Our evening was a huge success! If you were unable to attend, and would like to meet with your student's teacher please call the school to set up an appointment.

We had our first all school meeting today and we had the opportunity to celebrate classrooms successes, recognize perfect attendance and highlight the role of student senators at Delphic Elementary School. We will have an all school meeting once a month to highlight the great ongoing at our awesome school.

Delphic Elementary has scheduled a lighting project with All Trade to replace current lights with new LED bulbs throughout the main part of the building on October 31st-November 2nd. School will still be in session, but there will be no SAFE program on November 2nd. This project is funded through Proposition 39 and must be completed by the end of this year. During these days, you may see workers at the school. Please call me if you have any questions.

For the kids!

Jami Thomas

K-2 GRADE

- It was great to see so many parents at Back to School Night! If I didn't get to talk to you or answer your questions, please stop by to see me. Deputy Dare's visit focused on Stranger Danger, so we have been reviewing all this week. We also spent a lot of time on fall and created some crafts. Thank you, Mrs. Black for bringing some snacks for the kindergartners!

3-5 GRADE

- This week the 3rd graders have been learning about landmarks and how these places can tell us about the history of our country. The 4th graders are discovering that starting a business can really help others around the world. The 5th graders continue discussing and writing about the positive and negative effects of technology. We have finished our mold terrariums. They became pretty moldy! The students were able to see a difference in which team's mold grew the fastest or slowest. Thank you to all of the families who were able to come to Back to School Night. Have a great weekend.

6-8 GRADE

- The upper grade class has been working on recognizing the forces that effect motion. We are also writing opinion and explanatory essays. Our character education lessons highlighted listening attentively.

SAFE Notes

(Safe Afterschool For Everyone)

THERE WILL BE NO SAFE ON NOVEMBER 2nd, please plan accordingly. Thank you!
