Drive Through Dinner Success

March 15, 2019

Superintendent/Principal Message

Dear Parents and Families,

Thank you to the parents that helped us with our Drive-Thru Dinner! We were very successful selling over 330 tickets. Our upper grade students worked so hard and we feel very fortunate to have such a supportive community.

On Thursday, March 21st, the 5th-7th grade students have a nordic skiing field trip to the Mt. Shasta Nordic Center. If your child is attending, please send them with snow appropriate clothing. Please call if you have questions.

Spring Pictures are planned for March 29th. Due to many concerns regarding Lifetouch's customer service, we will be employing a new local photographer, Terresa Bailey for spring photos. With her photos, you will be able to purchase photo rights for \$8.00 per student rather than ordering prints.

Delphic t-shirts and sweatshirts will be on sale soon! The order forms are available in the office. The sale of school apparel will be a great asset to our school culture! Funds will be utilized to support next year's ski program. Thank you to Candi Mott for putting this together.

For the kids!

Jami Thomas, Superintendent/Principal

CLASSROOM UPDATES

K-2 GRADE

- The kindergartners are learning the letter "Vv" and the number "25". They are also working on number words, phone numbers and addresses. And of course, they work daily on reading and spelling. The first and second grades took a math test. They are learning about insects and folktales and completed a Mystery Science experiment teaching camouflage. Welcome to our new student Summer!

3-5 GRADE

- In science this week, the 3rd-5th imagined that they were pioneers leaving their home to start another town. The first important detail they needed to find was how they were to get water. The students used maps, facts about rocks, soil and plants that were surrounding the areas. They used their reasoning skills to figure out which area(s) had an aquifer so they could build their town. Our citizen of the week is Julia because she is always so kind to others and is a good friend.

6-8 GRADE

- We had a very successful Drive-Thru Dinner and would like to thank everyone that was involved and supported! Students are finishing their China reports this week, please ask your student about this project as they are very proud of their work.

SAFE Notes

(Safe Afterschool For Everyone)

Our SAFE citizen of the week is Emily! She is ALWAYS respectful and kind. Track will be starting soon, watch for information to come.
