Weekly News

At Delphic School, Students and Staff are Safe, Respectful, and Responsible

6th & 7th Grade OMSI, Open House

April 15, 2019

Superintendent/Principal Message

Dear Parents and Families,

The 6th & 7th grades will be traveling to Portland next week to go to the Oregon Museum of Science and Industry (OMSI). Please watch for an informational letter to come home this week. Please return the permission slip as soon as possible. We are excited for this fun trip, students have worked diligently to earn this experience.

Coach Day's track team is up and running - literally. Practice is on Tuesday and Thursdays. If your child is participating, please send them with appropriate PE clothes on practice days. Our meet will be in May.

Plans for Kindergarten, 8th Grade Graduation and our Year End Celebration of Learning are in full swing. This fun, year-end culminating event will take place at the Montague City Hall on Tuesday, June 4th at 6:00pm. We invite everyone to add it on your calendar and plan to join us.

Please plan to join us on May 1st for Parent Appreciation Night and Open House. We will be serving hamburgers and students will have their work on display. Have a great week!

For the kids!
Jami Thomas, Superintendent/Principal

CLASSROOM UPDATES

K-2 GRADE

- The kindergartners are working on the letter "Xx" and the number "24". They have also been working on their ABC Book in preparation for Open House. The first and second grades will do this next unit over two weeks in spelling and reading, since we have two 4-day weeks. That means we will not have a spelling test next week, instead it will be the following week. Please remind your children to stay focused in class, because the work is really getting harder! In the afternoons, we have been learning how a president gets elected.

3-5 GRADE

- The 3rd-5th graders started a social studies unit on California Missions. Later, they will have a project with the particular mission of their choosing. They have been practicing different movements for physical fitness. We will have physical fitness testing next week.

6-8 GRADE

- The 8th graders are preparing for their class trip and 6th-7th grade are preparing for OMSI, which is next week. Please watch for more information regarding our OMSI trip.

SAFE Notes

(Safe Afterschool For Everyone)

Our SAFE citizen of the week is Larissa! She is always working hard to make the right decision. Good job, Larissa! As the weather improves, we will be spending more time outside during SAFE. We are excited for sunshine!
