No School Friday & Monday, OMSI Field Trip

April 18, 2019

Superintendent/Principal Message

Dear Parents and Families,

OMSI is next week! The 6th & 7th grade students have received a packet to go over all the details of our trip to OMSI next Thursday and Friday. There is a permission slip that must be returned no later than Tuesday, April 23rd. Please call the school with any questions.

Please make sure that our end-of-the-year Celebration of Learning and Graduation is on your calendar. This event is schedule for Tuesday, June 4th at 6:00pm at Montague City Hall. Everyone is invited to join us! Our drum circle group and piano players will be performing.

Please plan to join us on May 1st for Parent Appreciation Night and Open House. We will be serving hamburgers and students will have their work on display. We will have school surveys available and information about a new PTO group.

A reminder that there is no school on Friday, April 19th and Monday, April 22nd. Have a great holiday weekend!

For the kids!

Jami Thomas, Superintendent/Principal

CLASSROOM UPDATES

K-2 GRADE

- We have been revisiting how to be a good friend at school. We are almost done with the year and we need to maintain that positive atmosphere! The kindergartners are learning about "Ww", number 25, double facts and spring. The first graders are learning about greater and less than and adding and subtracting 10. The second graders are learning several ways to solve double digit math problems. We have been focusing on writing and beginning sentences with a capital and ending with a period. Also that they need to stick to the topic. Have a great four-day weekend!!

3-5 GRADE

- This week the 3rd-5th worked hard with some of their physical fitness activities. I'm proud of the students drive to do the best they can. In ELA we discussed and wrote about how to decide what is important, how traditions connect people, and how different groups contribute to a cause.

6-8 GRADE

- It's spring and our final quarter of school. We will be pushing to finish up the various units in core subjects as well as other important subjects such as first aid, careers and more.

SAFE Notes

(Safe Afterschool For Everyone)

Our SAFE citizen of the week is Logan L. Logan is always a good friend, always following the rules and is respectful. Good job, Logan!
