At Delphic School Students and Staff are Safe, Respectful, and Responsible

Spaghetti Feed Dinner Preparations Begin, Donations Needed

October 4th, 2019

Superintendent/Principal Message

Dear Parents and Families,

6th - 8th grade students are beginning ticket sales for our annual Spaghetti Feed which will be held at the Montague Hall on Thursday, November 7th from 5:00-7:00pm. Each 6th, 7th and 8th grade student is asked to sell a minimum of 10 tickets to generate the expected profit needed to fund planned activities.

Besides generating funds with ticket sales, we are also looking for cash donations and auction donations. Attached is the letter we are sending to community members looking for donations. If you can help, or know someone else who can, please do! We are looking for many different types of items including: gift certificates, gift baskets, gift cards, etc. We are also needing folks to make desserts for the auction following the dinner.

November 1st, there will be no school. Conferences will be held this day. Scheduling will be posted in the hallway next week, please come in and sign up. Please call if you have any questions, comments or concerns.

For the kids! Jami Thomas,
Email: jthomas@sisnet.ssku.k12.ca.us

K-2 GRADE

- The kindergartners are learning the letter "Dd" and the number "4". They started doing assignments on the computers that go with the reading program. The second graders are doing a play. Some of the first graders joined them while I work with the other first graders on their stories. In math, both groups are working on ten frames and ten facts. The second graders are also working on doubles and helper facts. In the afternoons, they created some fall crafts. First and second grades learned about shadows and created a fun experiment with Mystery Science!

3-5 GRADE

- This week we had a visit from Mr. Jason Singleton. We built our own gliders and then decorated them with our favorite colors and designs. Then, we took them out to the playground to see them fly. It was a lot of fun!

6-8 GRADE

- This week we dove into our English Language Arts (ELA) online curriculum called Study Sync. We're reading and learning about what makes a story suspenseful. We were also visited by Mr. Singleton to learn the science of homemade balsa wood gliders.

SAFE Notes

(Safe Afterschool For Everyone)

Logan Hagerman is the SAFE student of the week. Logan has been so helpful to K-2 in computer coding. Whenever his help is needed he is more than willing to help. He follows all the rules and is super respectful. Next Friday will be the last day of computer coding with the K-2 class.
