At Delphic School Students and Staff are Safe, Respectful, and Responsible

❄️ MLK 3-Day Weekend, Spelling Bee & Ski Trips ❄️

January 17, 2020

Superintendent/Principal Message

Dear Parents and Families,

Thank you for your patience with our delayed and shortened day on Thursday, January 16th. It is always in our best efforts to make decisions to keep our school community safe. We encourage you to subscribe to our Facebook and Instagram pages to stay updated on school notifications, happenings and events.

Our ski program dates are scheduled for January 31, February 14, and March 6. Parents/guardians must attend with their children. Please notify the school if you are planning to participate. Fees will need to be paid 10 days prior to each trip so proper payment can be delivered to Mt. Shasta Ski Park.

Our school nurse will be here on January 30th from 8:00am-9:00am for a material preview and Q & A regarding our 4th-5th grade health presentations and any other general questions related to vaccination requirements, etc. 4th grade students will be presented with "Just Around the Corner", material that discusses upcoming body changes, growth/development and importance of hygiene. 5th grade students will be presented with the "Puberty Workshop", which discusses changes the body goes through during puberty. Parents please sign the permission slip attached to this newsletter and return.

Please continue to send students to school with water bottles. We are still working to resolve our water issue and will keep you posted. Don't hesitate to call the school with any questions.

For the kids!
Ms. Thomas,
Email: jthomas@sisnet.ssku.k12.ca.us

CLASSROOM UPDATES

K-2 GRADE

- All students should be practicing their poems for Poetry Day. If they have their poem memorized by February 7, I owe them a treat! Next Thursday, we are celebrating the 100 Day Party. The kindergartners are practicing the letter "L" and the number "12". First and second grades are getting close to a math test. In the afternoons, they have been learning about winter, electricity, and solar panels. Have a great three-day weekend!

3-5 GRADE

- This week we worked on responses to our penpals from Kansas. The students are working on letter writing etiquette and chromebook skills with this project. We also did a fun unit on Volcanoes on Thursday. Ask your student about The Ring of Fire. Enjoy your three-day weekend!

6-8 GRADE

- Hello families! Thanks for your understanding and cooperation during our inclement weather episode. It is important to us that you and your family are safe when traveling to and from school. Because of the late start, it was a light day with about 1/2 our students in attendance. Thanks for making the effort to get those kids to school.

SAFE Notes

(Safe Afterschool For Everyone)

Elle Cox is the safe student of the week. She is so helpful, positive, and ready to take on any task she is given. We appreciate her fun personality in safe! SAFE is looking for some older kids to make a robot to present to the county office, if anyone is interested please talk to Mrs. Dunn. Thank you.
