K-2 GRADE

- We are still trying to continue the year like we were still in school. Reading, spelling and math are so important for your child. I know the math can be a little confusing. I put an example on the front page of your packets. Please call me if you need help, I am at school most mornings. Have a great weekend!

- Hello, families. I appreciate the hard work that you are putting into helping your children with their schoolwork. I will continue to send daily Class Dojo messages to keep you updated. Please have your student log into their email to look for Google Classroom messages if they have access to technology.
