### Virtual Graduation Planning Has Started!

May 15, 2020

#### Superintendent/Principal Message

Dear Parents and Families,

We thank all the families for their hard work helping support students during this time. We are in the final stretch of the school year! Let's focus on finishing strong.

We are excited to announce that we will be having a virtual graduation for our kindergarten and 8th graders! Our ceremony will also include other students, staff and community members. We will be compiling content over the next week and submitting it to the company that will be producing the production. If you are interested in being a part, please contact the school. The production will include video clips of students speaking, award presentations and slide show of photos.

The virtual graduation will air live during our scheduled graduation time on June 4th at 6:00pm. We encourage families to have get togethers in their own homes to watch and celebrate. The video will then be made available to families as a keepsake.

For the kids!

Ms. Thomas,

#### K-2 GRADE

- We are getting ready for our online graduation. The kindergarten are doing a lot of reviewing. The first and second grades had a math test. Next week is a play week unless you have stories to catch up on. Next week both grades will have a comprehension test. We've almost made it!

#### 3-5 GRADE

- Hello, families. This week we have been working on a Butterfly Unit. The students have been observing caterpillars through the use of photos and videos posted on our class Facebook page and our YouTube lesson page. I will continue to post updates to both pages each day. I hope the kids are enjoying this project.

#### 6-8 GRADE

- Hello Families! After this week, there are only 3 weeks left. Kids are still working on assignments and please continue encouraging them to finish strong. Contact me if you need assistance checking your child's progress in Study Island, and keep taking good care of the chromebooks. We'll set up a check-in process soon, so you'll know where to return them at the end of the school year.
